LIJEPA NAŠA DOMOVINO,  
OJ JUNAČKA ZEMLJO MILA,  
STARE SLAVE DJEDOVINO;  
DA BI VAZDA SRETNJA BILA!

MILA KANO SI NAM SLAVNA,  
MILA SI NAM TI JEDINA,

MILA KUDA SI PLANINA!

DRAVO, SAVO DRINO TECI,

DOK MU NJIVE SUNCE GRIJE,

DOK MU MRTVE GROBAK KRIJE,  
DOK MU ŽIVO SRCE BIJE!

The words of "Lijepa Naša Domovina" were written by Antun Mihanović in 1835 . The original title was "Hrvatska Domovina" (Croatian Homeland). It was set to music by Josip Runjanin in 1846. The above version became the National Anthem in 1891.

# CROATIA

## LAND, PEOPLE AND CULTURE

Croatia is situated between the Adriatic Sea on the West and South, Slovenia and Hungary on the North and Serbia on the East. Because of its geographical position Croatia is the boundary between the East and the West.

The Croatians came to their present homeland thirteen centuries ago and formed the Croatian State. In 925 A. D. Croatia became a kingdom ruled by sovereigns of Croatian blood.

After the death of the last King of Croatian blood the Croatians noblemen chose rulers from various other Royal families still maintaining their Parliament (Sabor) which was formed in the 7th century, thus making it one of the oldest parliaments in the world.

During the early years in their new home Croatians accepted Christianity. Today they are predominately Christians with some sections belonging to the Islamic Faith (Bosnia, Herzegovina and Sandzak). This was brought about by the Turkish occupation of these provinces.

Croatians have defended for centuries their beliefs, losing many lives in wars against various invaders.

In ancient times the Turks with their onslaught on Europe conquered many countries including Hungary, reaching the walls of Vienna, but they never succeeded in the conquest of Croatia.

Settling in their present homeland, the Croatians beganto develop a new Croatian culture in a Western Christian spirit.

In the year 1483 the first Croatian language book was printed in Croatia - in the second printing house in Europe, at KOSINJ, LIKA.

Science and Literature were especially developed in Dubrovnik, on the Adriatic coast.

It is necessary to mention a few important Croatian personalities such as the great poet Ivan Gundulic (1588-1638), philosopher Juraj Dubrovcanin (1579-1622), and the first atomic scientist Rudjer Josip Boskovic (1711-1787). Boskovic was a scientist of world renown and a member of many foreign scientific academies. He excelled as a mathematician, physicist, astronomer, philosopher and author. The first pharmacy established in Europe was in Dubrovnik in the year 1346.

Many Croatian artists, i.e. sculptors, painters, architects and composers lived and worked in Italy during the time of the renaissance. Among these in the 15th century, in particular, Lucian Vranjanin became famous as an architect, Juraj Dalmatinac as an architect and sculptor, Mihovil Hamsic as a painter as did many others. In our own time Croatia has produced many

notable sculptors and painters. Among the sculptors in particular, Ivan Mestrovic has won world acclaim. His works adorn many North American cities.

Croats are extremely active in the field of music. The first celebrated Croatian composers were Vatroslav Lisinski (1819-1851) and Ivan Zajc (1831-1914). Lisinski composed the first Croatian Opera. In recent times Croatian composers - Jakov Gotovac, Ivo Tijardović and Boris Papandopuls - have become world known.

The Zagreb Quarter is internationally famous. Violin Virtuosi Miroslav Slik and Zlatko Baloković, singers Milka Trnina, Marya Ruzica-Strozzi, Zinka Kunz, Dragica Martinis and Srebrenka Jurinac performed in the world's first Opera and also at La Scala, Milan and the Metropolitan Opera, New York

From Croatia, also, have come many eminent scholars. Nikola Tesla, inventor electrical alternating current. Dr. Leopold Ružicka, recipient of the Nobel Award is of Croatian nationality. There are Croatian university professors in various Western Universities as in the United States of America and Canada.

Croat Anthony Francis Lucić (Lucas), discoverer of a new method of deep drilling in Texas, became the father of the world's Oil Industry. Croat Miho Mihanović is the founder of the Argentinian Navy. Croats Paško Babujica and Franjo Petrinović have become renowned in industry for their shipping empire in Chile. The largest shipping owner in Italy, Kozulić is Croat.

Croatia is a beautiful and rich land, the natural wealth is in the main represented by the lush forests, grain, live stock, fishing and mineral resources and hydro electric power essential for the development of industry. Industry and commerce are extremely well developed in Croatia.

A particular source of income is derived from the Tourist trade in South Croatia, also known as Delmacia, Istria, Bosnia and Hercegovina attract tourists from all over the world. The coast of the Adriatic Sea abounds in natural beauty, architecture, monuments with an ancient turbulent history and cultural background. Bosnia and Hercegovina have a unique and individual appeal as in these Croatian Provinces West meets East.

**PRIGODOM X. HRVATSKOG NOGOMETNOG TURNIRA**  
Mildura, Vic. 9, 10 i 11 studeni, 1984.

U ime Hrvatskog Nogometnog Saveza Australije kao i domaćina turnira Zagreb-Mildura drago mi je pozdraviti sve Croatije i hrvatske nogometne klubove na ovu našu veliku hrvatsku manifestaciju a koju ovaj puta organizira HNK Zagreb-Mildura.

Do sada je naš nogometni turnir uvijek bio održavan po većim gradovima Australije, no ovog puta se održava u manjem gradu, ali je organiziran po Hrvatima Mildure, koji su svojim radom pokazali da su sposobni turnir održati. Osobito mi je drago da i naši manji hrvatski nogometni klubovi pokazuju volju i odlučnost za održavanje turnira, a isto tako je lijepo da i drugi naši nogometni klubovi podupiru, bez obzira da li je to veći ili manji hrvatski nogometni klub.

Kada su nogometni klubovi zaključili da se turnir održi u Milduri, uprava Hrvatskog nogometnog saveza Australije, odlučila je otići u Milduru kako bi provjerila uvjete za turnir, to jest prikladna igrališta, dvorane i sve ostalo što je potrebno, i oni su zaključili da su Hrvati Mildure u mogućnosti takav turnir održati. Ne samo što se je uprava osvjedočila da je turnir moguće održati u Milduri, još više se je zadovoljila kada je vidjela volju, rad i odlučnost Hrvata Mildure koji su bili spremni i voljni prirediti turnir s obećanjem da će oni gledati sve klubove, posjetioce kao i sve navijače, i da će turnir svima ostati u dugom sjećanju.

Kao i prije, draga braćo, mi se ne sastajemo u Milduri samo radi lopte i da naši dečki zaigraju kako bi se vidjelo tko će pobijediti, nego se mi sastajemo u duhu hrvatstva, pod hrvatskom zastavom i pod našim hrvatskim grbom i tako odamo našu počast i vjernost hrvatskom narodu s čvrstom vjerom da će on jednoga dana opet biti slobodan i nezavisan.

Domaćinu turnira, Zagreb-Mildura, kao i svim hrvatskim nogometnim klubovima prisutnim na 10. HRVATSKOM TURNIRU, klubovima koji nisu mogli učestvovati, svim Hrvatima i Hrvaticama čestitam ovo veliko hrvatsko slavlje u Milduri, Victorija.

Sve za Croatiju, Croatiju nipošto!

Za Hrvatski nogometni savez Australije  
Mirko Furjanić, predsjednik

ZAGREG S. C. was first formed in 1978, and unfortunately received the wooden spoon at the end of the season. Success finally arrived, when in 1980, ZAGREG S. C. became League Champions.

In 1981, '82 and '83, ZAGREGS positions on the ladder were 2nd's and 3rd's. Once again success for the club arose and ZAGREG S. C. are known as the League Champions of 1984, throughout the community.

ZAGREG S. C. has been throughout Australia competing in the Croatian National Soccer Tournaments since 1978. Travelling as wide as from Perth to Brisbane and encompassing other major cities, i.e. Hobart, Sydney, Geelong and Canberra.

Finally the ZAGREG S. C. have the pleasure of hosting the Tournament here in Mildura. ZAGREG should be a fine example to other small Croatian Soccer Clubs, in being able to stage such a large event as this.
